

COME UP AND SEE MY ETCHINGS

An informal informative talk by **Trish Ferguson** exploring

FINE ART PRINTMAKING PROCESSES AND TECHNIQUES

Such as

Etching, Silkscreen, Relief printing and Lithography.

Print is around every day from the newspapers we read to the boxes we eat our cereal out of, and the t-shirts we wear, the processes that made these possible all derive from older techniques that are still practised today by artists in fine art in studios all over the world and even here in Maplebeck.

If you would like to know more about how the prints you see in art exhibitions were produced please come along to

THE VILLAGE HALL IN MAPLEBECK

THURSDAY 14TH SEPTEMBER 7.30PM

Entry £1 p.p. to include light refreshments
